

WEEKLY BLAST

5/272020

Pickup of Scholar's Belongings, Report Cards, and the Return of School Textbooks

Your scholar's teacher will be sending to you tonight, or tomorrow, an EXTREMELY IMPORTANT email. The email will have a schedule for the pickup of your **scholar's belongings** at school including personal items from their desk, cubby, and locker. Take a look at the schedule, and find your assigned time. Great care was taken to ensure families with more than one scholar will NOT have to make multiple trips to school.

On the same day your scholar is picking up personal items, **Report cards** will also be ready for pickup at the same time. Mrs. Busa and your scholar's teachers have worked exceedingly hard to have these ready and available for pick up.

Lastly, on the same day your scholar is picking up personal items we ask that they bring ALL of their **school textbooks** back to school. Your scholar's homeroom teacher will be present in their classroom to inventory textbooks and make note of damaged, or lost textbooks. PLEASE make certain your scholar returns their school textbooks the day they are scheduled to pick up their personal belongings.

Happy Birthday
